Donors

Farag & Ward Entrance Bursary for TESL

To the donors of the *Farag & Ward Foundation Entrance Bursary for TESL*, thank you for the immense generosity that you are providing for me. It means a lot to know that people care for me and want me to succeed in my interests in life. I am a 19-year-old coming from a rural area moving into a very lively city. Throughout my time at Concordia, I plan on studying the art of being an educator for non-English speakers. I want to become someone that people can look up to, and someone people can easily go up to when they're in need of help. To be recognized for my academic accomplishments and to receive this amazing bursary makes me incredibly emotional and I am at loss for words at how grateful I am for this opportunity. This bursary gives me a chance to breathe and make sure that my tuition fees and other school fees can be payed using this great gift. In the future, I plan on becoming a great teacher and having kids (either from elementary or secondary level since I am not sure which one I will prefer) enjoy what I teach them, and easily understand and put a personal twist to what I will teach. I hope to make kids enjoy being in school and want to come to class and listen to me teach them in their non-native language. After I graduate from Concordia, I do not know yet if I will want to proceed in school or begin finding a job right away. That is still something I ought to think about. But I know that by accomplishing this program, so many doors will be open for me. I will be able to travel and work, which is a complete dream come true. And I thank you for this chance that you are giving me; this money is what can bring me to accomplishing this dream and this amazing life waiting for me. I thank you for believing in me and knowing I will use this money for the greater purpose.

Sincerely,

Isis Gobeil
