To the donors of the Farag & Ward Foundation Entrance Bursary for Film Animation,

It is with extreme gratitude that I am writing to you. Thank you for the tremendous support that you have provided me through this bursary. As a first year student, receiving this assistance motivates me to perform to the best of my capabilities, and push myself to produce good work. Without your generosity, I am not sure if I would be able to realise my dreams of working in the arts professionally, as well as receiving a higher education.

This newfound financial stability has allowed me to maintain my focus while pursuing my education and exploring my passion for the arts, without the added stress of working multiple jobs to support my studies and lifestyle. As the daughter of a family of musicians, my art has always been geared to focus on how the piece will affect its audience. I hope to someday work as a part of a team, creating visual works of art that convey meaning and can reach an audience on a more personal level. Over the course of the year, by studying animation, I will be able to explore a visual medium that does just that, while developing my practical skills as an artist.

Thank you once again for your support and generosity. I look forward to the academic year to come and will work hard to not only meet but surpass your expectations.

Sincerely,

Ranee-Inez Henegan-Comeau
